TELEHANDLER/FORK LIFT OPERATOR & CARPENTER
Kelowna, BC
Long Term Project

Stretch Construction provides full-service construction management services for the commercial industry. Stretch was born out of a need to provide premium, quality products and service to our industry. We have worked hard to set ourselves apart through quality and innovation, along with an unparalleled emphasis on accountability and straightforwardness.

We are a team whose personal ethics are deeply grounded in family, community and doing the right thing, we know relationships are everything. As a result, we're able to build amazing solutions for our clients, who know they can count on us to deliver honest, integrity-driven, quality results on time, every time.

Stretch Construction is looking to hire a **Telehandler / Fork Lift Operator & Carpenter.** In this dual position, you will work closely with our operations team on a large ongoing project in Kelowna, BC.

Roles and responsibilities include:
- Ability to operate a telehandler/forklift for the purpose of moving, locating, relocating, and organizing building materials.
- Assist in a variety of carpentry tasks that will focus form and execution including, but not limited to performing repairs on existing framework to structures.
- Have proficient knowledge of building codes and safety regulations.
- Be efficient with trade tools and materials necessary to the job.
- (do you want them to provide their own tools & PPE)??
- Assist with various tasks assigned by the Site Superintendent as required.
- Hold a concern for safety & familiarity with construction site safety protocol
- Have the ability to work independently with attention to detailed instructions, or as part of a team with great work ethic.

Qualifications and Experience:
Required:
- Possess valid BC telehandler/forklift certification (Class 7 Ansi/CSA), with a minimum of two years experience
- Possess a valid carpentry certification with a minimum two years experience
- Do you want any safety tickets?? If yes, what?

Salary: $35/hour
